The main organs responsible for the development of the Vision 2020 plan are as follows:

**1) NATIONAL COUNCIL ON VISION
2020 (NCV2020)**

The National Council on Vision 2020 is at the apex, providing leadership and direction to galvanize the whole nation, with the President as the Chairman.

**2) NATIONAL STEERING
COMMITTEE (NSC)**

The National Steering Committee consists of about 70 persons, drawn from the public and private sector, with responsibility for developing the Vision 2020 Implementation Guidelines, Monitoring and Evaluation (M&E) strategy, ensuring a bottom-up approach by which all key stakeholders, Ministries, Departments and Agencies (MDAs) as well as State, Local Government Areas (LGAs) are encouraged to prepare and implement their "component of the V2020". The NSC will also develop a template for preparing the V2020 strategic plan.

**3) NATIONAL TECHNICAL
WORKING GROUP (NTWG)**

Each National Technical Working Group will comprise 20-25 experts in specified thematic areas drawn from both public and private sectors with expertise and passion for the area. They will undertake specific studies or research work to provide data necessary for the working groups report.

**4) STAKEHOLDERS DEVELOPMENT
COMMITTEE (SDC)**

The Stakeholder Development Committee includes State Governments, Federal Ministries, Departments and Agencies (MDAs) and other key institutions. The Nigeria Vision 2020 is a bottom-up strategic plan in which each major stakeholder group will prepare its V2020 thoughts and ideas based on the guidelines approved by the National Council.
